- 08-27-10, Shamokin Twp., Irish Valley Road, MVA.

This years Fire Prevention theme is SMOKE ALARMS: A SOUND YOU CAN LIVE WITH. The NFPA reports that 85% of all fire deaths occur in the home, and the majority happens at night when most people are sleeping, also 40% of home fire deaths happen in homes with no smoke alarms. When smoke alarms fail to sound, it's usually because there are missing, dead or disconnected batteries.

The Stonington Volunteer Fire Company urges everyone to ensure there is a working smoke alarm on every floor and inside every bedroom. We also want everyone to test their smoke alarms monthly and change the batteries yearly.
